

**The Christ the King TIP committee
is excited to announce a new program that will provide you with an option
to purchase your SCRIP certificates online!**

This new option will be in addition to our traditional paper form and check method of ordering. Ordering online directly from our Scrip company, Great Lakes Scrip, will eliminate filling out paper work and sending in a check to school, thereby allowing you to order and pay online for your SCRIP certificates any time before the Tuesday morning deadline. You will order and pay directly to Great Lakes Scrip Company. Your certificates will still be delivered as usual to your child in a red envelope at school on Friday morning delivery date.

However, there are perks to ordering online! Along with the regular Scrip certificate order, the online program offers two exciting additions! A limited number of merchants allow the customer to **RE-LOAD** an existing card that you may have purchased through the program already and many merchants offer an **E-CERTIFICATE** program. Once your payment is verified, you will receive a paper certificate e-mailed to your computer! That means you can use the program, receive tuition credits, help the school and receive certificates without any delay!

How does the online program work? Online orders will require you to pay immediately by creating an account with "Presto-Pay", a secure online banking debit service. There is a .15¢ charge to use "Presto Pay", so whether you purchase \$50 or \$1000 in certificates the fee is only .15¢ per order.

If you are interested in the new online phase of the Scrip program, please fill out the form below. A login account will be created for you by a member of the TIP committee. Once you receive verification of the login account, you can continue to privately set up your profile, banking information and change your password. Once your banking information has been verified by Great Lakes Scrip Company, you can then order certificates, reload a an existing card or have a paper certificate e-mailed to you! The total verification process will take about a week before you can actually order your certificates online.

Please know that CKRS will not take responsibility for any mistakes in ordering that you, the parent, have done online. We are responsible for making sure you receive all credits as a result of using the online program.

YES! I want to take advantage of the new "Online Ordering Scrip Program"!
