A Little About The Camp Directors:

John Emmons:

Beloved STEM Teacher brings his energetic and quirky excitement for all things STEM back to Summer at CKRS! With advanced degrees in both Science and Education, John has brought engaging and immersive learning activities to curious children for more than two decades. In Princeton and now in Haddonfield.

Lauren Picerno:

Current 3rd Grade Teacher and play director at CKRS brings her comedy and improv program back for summer 2023! Lauren has developed a comedy and improv program tailored to meet all age groups. Lauren's classes cultivate confidence! Learn about the performing arts! Put the screens away and join us for real life content!

What to Expect:

Mrs. Picerno and Mr. Emmons join forces again this summer to bring back a third year of their acclaimed camp that combines the artistry of Drama with the inquiry of STEM! But wait....this year we have upgraded our already existing repertoire to include a comedy themed program that integrates physical challenges, competitions, fun games, and theme days with take home prizes that await our campers! We promise immersive learning activities that will engage and entertain!

STEM Activities Include:

NEW! Prospecting for Gold, Fossils, and Artifacts
NEW! STEM Team challenges, competitions, and obstacle courses
NEW! Water Day! All water themed activities.

DRAMA Activities Include:

Playwriting for the older campers,
Comedy improv, team building, and puppet making, stand up comedy, and talent show day!
